NEW COLORS AND FINISHES

"CHF" Color-Choice gives the widest selection of colors and finishes ever offered . . . gives designers the greatest latitude in color styling. Nowhere else can you find such a spectacular array to choose from: lifetime porcelain enamel in 20 lustrous colors . . . metal finishes in Amber Forever Solid Bronze, Anodized Aluminum, Chrome Plate . . . Natural Woods . . . plus all of today's modern fabrics and decorator colors.

"CHF" WINNERS IN INSTITUTIONS National Food Service CONTEST

You can depend on top styling and sound design with "CHF" Stools and Tables. Every year, many of the top award winners in the INSTITUTIONS Annual Food Service Contest are equipped with "CHF" Stools and Tables. Such consistent superiority leads more and more designers to choose "CHF" Stools and Tables to represent and personalize their finest ideas.

STOOLS

STOOLS

NO. 414-848-875-W: The striking beauty of new "Flare" design now in a handsome stool with classic simplicity of line. Cast in the warm beauty of solid bronze for the utmost in taste and refinement. Back rest and seat frame also in solid bronze. Seat and back upholstered in choice of fabric and color. Seat size 16" x 14" x 3" thick. Back is 15" high. Available in cast iron, choice of lifetime porcelain colors; solid bronze; chrome or anodized aluminum.

NO. 876-848-874: Designed for luxurious comfort with deeply padded back and seat. Back supports are concealed and are available in chrome or bronze to match base. For extra refinement this seat can be upholstered in genuine leather, or it may be had in a wide choice of fabrics and colors. Size of seat: 14"x14"x3½" thick. Back is 14" high.

NO. 414-849-870: New "Flare" column stool in the modern beauty and utility of cast anodized aluminum. This tastefully designed stool will fit perfectly into any interior styling, modern or traditional. Spacious round seat is deeply upholstered in a large selection of modern fabrics and colors. Seat is 15" in diameter x 3" thick.

"CHF" STOOLS AND TABLES ARE AVAILABLE IN SOLID BRONZE, ANODIZED

NO. 848 SPRING CUSHION, BALL BEARING SEAT RETURN TRIPOD

A patented construction with automatic stop for counter stools with backs. This sturdy, extra-durable attachment provides both spring cushion comfort and work-saving automatic seat return. Concealed spring in stool neck gives customers the cushioning of an innerspring unit — eliminates need for springs in seat itself. When person leaves seat, it returns to position with back parallel to counter . . . keeps counters looking neat and uniform at all times.

NO. 849 SPRING CUSHION TRIPOD for Seats without Backs. Same durable construction as the seat return tripod, except no neoprene washer is needed, thereby allowing even greater spring action. When a person sits down, weight is cushioned by a strong spring inside neck of tripod . . . an added comfort feature customers appreciate.

Exposition at New York City.

TABLES

TABLE BASES

NO. 909-254A FLARE TABLE:
Beautiful new table base reflecting latest in design trends — the flare column. Column shown combines beauty of cast Amber Forever Solid Bronze with cast iron base finished in a choice of lustrous porcelain enamel colors or base may be had in cast solid bronze, like column. Base is 19½" in diameter for tops up to 36" round or square. Other sizes also available for tops up to 96".

NO. 912A-254A TABLE:
Four-prong style base is available in the 20 attractive colorful porcelain enamel finishes. Prongs are tapered 2¾" to 1¾" with a spread of 31". Column is 3" tubular steel in chrome or bronze plate. May also be adapted to take the No. 909 Flare column. For tops up to 36".

NEW "CHF" ASTERISK TABLE NO. 946-A (30" Base Spread)
Gracefully styled, original thin-line 4-fin cast bronze and popular 4-prong base. Vertical edges of column are flared and polished to highlight design. Levelizer glides on base feet. 30" base spread for 36" x 36" tops. Available in full choice of "CHF" cast bronze, anodized aluminum, cast iron, black paint finish.

NEW THIN-LINE TABLE BASE NO. 945-A-254A (30" spread)
Subtle, modern thin-line styling solid cast iron base with 3" tubular steel column, both available in 20 decorator lifetime porcelain enamel finishes . . . column in bronze plate or chrome. Raised 4-prong base, easy to clean under, provides ample foot room. Base has 30" spread for tops up to 36".

ALUMINUM. CAST IRON, PORCELAIN ENAMEL COLORS, CHROME AND NATURAL WOOD

"CHF" QUALITY TABLE TOPS

Nationally famous 9-ply super-bonded tops featuring genuine Formica. The exclusive new designs and new colors offer unlimited possibilities . . . the perfect finishing touch for "CHF" tables.

The nine layers of equal thickness hardwood are topped and super-bonded with high-pressure laminates to offer a tough, impervious table top.

Tops are available with metal edges in stainless steel, bronze, or aluminum. They are also available with super-bonded edges in plastic self-edge as shown.

NEW BUDGET TABLE TOPS

feature Formica tops and backing sheets with screw holding power equal to, or better than best laminated plywood grades.

NEW ALUMINUM TABLES, CHAIRS . . . BAR STOOLS

Simplicity of design marks this new "CHF" matching aluminum table and chair ensemble. Gracefully tapered legs are durable cast aluminum in choice of soft black baked enamel or satin aluminum finish. Shown are matching chairs available with or without arms, your choice of upholstery fabrics and colors.

NEW SWIVEL SEAT CHAIRS FOR SCHOOLS AND INSTITUTIONS

"CHF" Swivel Seat Chairs fasten permanently to any floor — do away with noise and confusion of loose chairs. Lifetime Cast construction assures trouble-free service, carefree maintenance. Grooved tripod allows seat to revolve but it can't be removed without loosening setscrew.

SECTIONAL TABLES FOR DINING AND RECREATION

Cast Iron Construction for lifetime service with channel legs and bridge truss center stringers for top strength, minimum bulk. Reinforced swing seats give maximum seating capacity . . . save aisle space. Variety of top colors including stainless steel. Framework in wide choice of enamel finishes. May be specified in varying lengths to meet your requirements. Extension braces that eliminate bolting tables to floor also available.

PROPER SPACING and INSTALLATION of COUNTER STOOLS

Whenever possible state the height of the counter and we will furnish the proper height of stool.

When #848 Seat Return is used, stools must be installed with a set screw away from counter.
